A manager, economist, and capital markets expert with over a decade of experience in the financial sector. He specializes in investment and entrusted capital management in both public and private markets. He combines investment experience with management experience, including managing investment activities, organizational development, and responsibility for teams and key business processes.

Since 2024, he has been associated with the Polish Development Fund, where, as Vice President of the Management Board and Chief Investment Officer, he led the Fund's investment activities, responsible for investment decisions, capital allocation, and portfolio management worth nearly PLN 25 billion. He supervised investment teams and the implementation of key PFR transactions and projects.

Previously, he spent nearly a decade at Noble Funds TFI, where he rose from analyst to Chief Investment Officer and member of the Management Board, responsible for the company's investment activities. He then worked at WOOD & Company, one of the leading investment groups in Central Europe, where he held management and investment roles within the group's operations in several markets in the region.

He is a member of the Future Council of the Prime Minister. He holds a CFA designation and an investment advisor license. He is a graduate of the Warsaw School of Economics and the Warsaw University of Technology and is currently pursuing an Executive Education program at Columbia Business School. He has twice received the "Golden Portfolio" award for investment performance and has twice been recognized as the "Best Macroeconomic Analyst."
