| TABLE 6:  | Q4. When you are speaking to family and friends, what language do you find yourself speaking?   |
| TABLE 7:  | Q5. Were you born in the United States or did you immigrate to the United States?   |
| TABLE 8:  | Q6A. What country did you immigrate from?   |
| TABLE 9:  | Q6B. What country is your family from?  |
| TABLE 10: | Q7. In general, would you say that things in the United States are generally headed in the right direction or do you feel that things are off on the wrong track?41   |
| TABLE 11: | Q8A. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Cuba    |
| TABLE 12: | Q8B. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: England |
| TABLE 13: | Q8C. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Vietnam |
| TABLE 14: | Q8D. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Mexico  |
| TABLE 15: | Q8E. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. | TABLE 16: | Q9A. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose normalizing U.S. relations with Cuba?  |
|-----------|--|
| TABLE 17: | Q9B. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose the U.S. engaging more directly with Cuba?   |
| TABLE 18: | Q9. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)  |
| TABLE 19: | Q10A. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose normalizing U.S. relations with Cuba?   |
| TABLE 20: | Q10B. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose the U.S. engaging more directly with Cuba?  |
| TABLE 21: | Q10. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)   |
| TABLE 22: | Q11A. I am going to mention some different ways U.S. policy toward Cuba could be changed. For each one, please tell me whether your support or oppose that proposal: Removing all restrictions on travel to Cuba by U.S. citizens87  |
| TABLE 23: | Q11B. I am going to mention some different ways U.S. policy toward Cuba could be changed. For each one, please tell me whether your support or oppose that proposal: Removing restrictions on U.S. citizens to spend dollars in Cuba9  |
| TABLE 24: | Q11C. I am going to mention some different ways U.S. policy toward Cuba could be changed. For each one, please tell me whether your support or oppose that proposal: Allowing more American companies to do business in Cuba9  |
| TABLE 25: | Q11D. I am going to mention some different ways U.S. policy toward Cuba could be changed. For each one, please tell me whether your support or oppose that proposal: Holding meetings with the Cuban government to coordinate on issues of mutual concern, like preventing drug trafficking and smuggling99  |
| TABLE 26: | Q11E. I am going to mention some different ways U.S. policy toward Cuba could be changed. For each one, please tell me whether your support or oppose that proposal: Allowing Cuba access to high-speed Internet and other telecommunications systems based in the United States   |
| TABLE 27: | Q12A. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: The Cuba trade embargo is estimated to cost the U.S. economy as much as 4-point-8 billion dollars in exports and related economic output per year   |
| TABLE 28: | Q12B. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: Cuba continues to have a dismal human rights record. The Castro regime represses virtually all forms of political dissent through detentions, arbitrary arrests, beatings, travel restrictions, forced exile and sentencing dissidents in closed trials |
| TABLE 29: | Q12C. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: After more than fifty years of no U.S. relations with Cuba the Castro regime remains in power   |

| TABLE 30: | Q12D. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: The Cuban government has made economic reforms to allow entrepreneurship, and today more than forty percent of all Cubans earn their income from privately-owned small businesses  |
|-----------|---|
| TABLE 31: | Q12E. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: Cuba is only 90 miles away from the U.S. mainland123   |
| TABLE 32: | Q12F. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: Our government only allows Cuban Americans to travel to Cuba without permission. If you are not Cuban American, the U.S. Treasury Department must approve your travel.  We do not do that with any other country   |
| TABLE 33: | Q13. Let me give you some more information. Currently, the U.S. State Department designates four countries in the world as state-sponsors of terrorism: Cuba, Iran, Syria and Sudan. The State Department defines state-sponsored terrorism as countries that have repeatedly provided support for acts of international terrorism, and places sanctions on these nations that restrict trade, travel and foreign assistance. In your opinion, does Cuba pose the same threat as these other countries, Sudan, Syria and Iran, and thus belongs on the list?  |
| TABLE 34: | Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program.  Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?  |
| TABLE 35: | Q13/Q14. COMBINED   |
| TABLE 36: | Q15A. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses  |
| TABLE 37: | Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy   |
| TABLE 38: | Q15C. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (CHANGE) As with Communism in Eastern Europe or dictatorships in the Middle East, Cuba's government will eventually change. It is better for the U.S. to engage more directly with Cuba now so we are in better position to respond to that change instead of waiting to respond to chaos, like what is happening in Egypt, just 90 miles from our shores |
| TABLE 39: | Q15D. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (FLORIDA) For too long, politicians have allowed Florida to control U.S. foreign policy. It is time to set our Cuba policy based on what is best for America's overall national security and economic interests   |

| TABLE 40: | Q15E. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (TRADE) Latin America is the United States' fastest growing trading partner. Cuba, just 90 miles off the Florida Coast, provides new opportunities for American businesses in all types of industries; agriculture, hotels and tourism, and high-tech that will help grow the U.S. economy and create new jobs in America |
|-----------|---|
| TABLE 41: | Q15F. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (UNEQUAL) U.S. immigration law prevents millions of hardworking and law abiding Latinos who have been here for years from gaining legal status, but if a Cuban sets foot on U.S. soil they automatically gain legal status163   |
| TABLE 42: | Q16A. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (CUBAN AMERICANS) Cuban Americans support current U.S. policy because it puts economic pressure on the Castro regime, while providing assistance to Cuban citizens. Travel and financial restrictions have already been lifted for Cuban Americans to help their families; meanwhile we should stay tough on the Castro regime   |
| TABLE 43: | Q16B. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WEAKEN) Ending the embargo before the Cuban government meets the conditions specified would weaken the United States. Changing our policy would send a message to Iran, North Korea and other countries that they can act against American interests with no consequences   |
| TABLE 44: | Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall   |
| TABLE 45: | Q17A. Sometimes over the course of a survey like this, people change their minds. Let me ask you one more time, do you favor or oppose normalizing U.S. relations with Cuba?  |
| TABLE 46: | Q17B. Sometimes over the course of a survey like this, people change their minds. Let me ask you one more time, do you favor or oppose the U.S. engaging more directly with Cuba?   |
| TABLE 47: | Q17. Sometimes over the course of a survey like this, people change their minds. Let me ask you one more time, do you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)187   |
| TABLE 48: | Q18. The United States often establishes a special diplomatic position, called an envoy, for countries that we have hostile or tense relationships with, like North Korea, Sudan and the Congo. Would you support the United States sending a special envoy to Cuba?  |

TABLE 11: Q8A. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Cuba

TABLE 11: Q8A. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Cuba

TABLE 11: Q8A. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Cuba

TABLE 12: Q8B. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: England

TABLE 12: Q8B. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: England

TABLE 13: Q8C. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Vietnam

TABLE 13: Q8C. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Vietnam

Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Mexico

TABLE 14: Q8D. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Mexico

TABLE 14: Q8D. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Mexico

TABLE 14: Q8D. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Mexico

TABLE 15: Q8E. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Iran

TABLE 15: Q8E. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Iran

TABLE 15: Q8E. I would like to ask you about America's relations with other countries around the world. For each of the following, please tell me what you think U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country. Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Iran

TABLE 17: Q9B. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose the U.S. engaging more directly with Cuba?

TABLE 17: Q9B. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose the U.S. engaging more directly with Cuba?

TABLE 18: Q9. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority of American citizens and American businesses. Would you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)

TABLE 19: Q10A. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose normalizing U.S. relations with Cuba?

TABLE 19: Q10A. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose normalizing U.S. relations with Cuba?

TABLE 19: Q10A. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose normalizing U.S. relations with Cuba?

TABLE 20: Q10B. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose the U.S. engaging more directly with Cuba?

TABLE 20: Q10B. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose the U.S. engaging more directly with Cuba?

TABLE 21: Q10. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)

TABLE 21: Q10. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)

TABLE 21: Q10. The United States has formal relations or at least talks and negotiates with many countries that are not friendly to us, have poor human rights records, or both, including China, Russia and Iran. Yet we continue NOT to have any relations or discussions with Cuba. Knowing this, let me ask you again, do you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more directly with Cuba?)

TABLE 27: Q12A. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: The Cuba trade embargo is estimated to cost the U.S. economy as much as 4-point-8 billion dollars in exports and related economic output per year

TABLE 27: Q12A. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: The Cuba trade embargo is estimated to cost the U.S. economy as much as 4-point-8 billion dollars in exports and related economic output per year

TABLE 28: Q12B. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba continues to have a dismal human rights record. The Castro regime represses virtually all forms of political dissent through detentions,
arbitrary arrests, beatings, travel restrictions, forced exile and sentencing dissidents in closed trials

TABLE 28: Q12B. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba continues to have a dismal human rights record. The Castro regime represses virtually all forms of political dissent through detentions,
arbitrary arrests, beatings, travel restrictions, forced exile and sentencing dissidents in closed trials

TABLE 28: Q12B. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba continues to have a dismal human rights record. The Castro regime represses virtually all forms of political dissent through detentions,
arbitrary arrests, beatings, travel restrictions, forced exile and sentencing dissidents in closed trials

TABLE 29: Q12C. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: After more than fifty years of no U.S. relations with Cuba the Castro regime remains in power

TABLE 29: Q12C. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: After more than fifty years of no U.S. relations with Cuba the Castro regime remains in power

TABLE 30: Q12D. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: The Cuban government has made economic reforms to allow entrepreneurship, and today more than forty percent of all Cubans earn their income from
privately-owned small businesses

"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: The Cuban government has made economic reforms to allow entrepreneurship, and today more than forty percent of all Cubans earn their income from
privately-owned small businesses

TABLE 31: Q12E. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: Cuba is only 90 miles away from the U.S. mainland

TABLE 31: Q12E. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba is only 90 miles away from the U.S. mainland

TABLE 31: Q12E. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba is only 90 miles away from the U.S. mainland

TABLE 31: Q12E. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Cuba is only 90 miles away from the U.S. mainland

TABLE 32: Q12F. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ:
"to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in
place: Our government only allows Cuban Americans to travel to Cuba without permission. If you are not Cuban American, the U.S. Treasury Department must
approve your travel. We do not do that with any other country

TABLE 33: Q13. Let me give you some more information. Currently, the U.S. State Department designates four countries in the world as state-sponsors of terrorism:

Cuba, Iran, Syria and Sudan. The State Department defines state-sponsored terrorism as countries that have repeatedly provided support for acts of international terrorism, and places sanctions on these nations that restrict trade, travel and foreign assistance. In your opinion, does Cuba pose the same threat as these other countries, Sudan, Syria and Iran, and thus belongs on the list?

The State Department defines state-sponsored terrorism as countries that have repeatedly provided support for acts of international terrorism, and places sanctions on these nations that restrict trade, travel and foreign assistance. In your opinion, does Cuba pose the same threat as these other countries, Sudan, Syria and Iran, and thus belongs on the list?

TABLE 33: Q13. Let me give you some more information. Currently, the U.S. State Department designates four countries in the world as state-sponsors of terrorism:

Cuba, Iran, Syria and Sudan. The State Department defines state-sponsored terrorism as countries that have repeatedly provided support for acts of international terrorism, and places sanctions on these nations that restrict trade, travel and foreign assistance. In your opinion, does Cuba pose the same threat as these other countries, Sudan, Syria and Iran, and thus belongs on the list?

TABLE 34: Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program. Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?

TABLE 34: Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program. Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?

TABLE 34: Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program. Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?

TABLE 34: Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program. Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?

TABLE 36: Q15A. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses

TABLE 36: Q15A. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses

TABLE 36: Q15A. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses

TABLE 36: Q15A. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses

TABLE 37: Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy

TABLE 37: Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy

TABLE 37: Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy

TABLE 37: Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy

TABLE 38: Q15C. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (CHANGE) As with Communism in Eastern Europe or dictatorships in the Middle East, Cuba's government will eventually change. It is better for the U.S. to engage more directly with Cuba now so we are in better position to respond to that change instead of waiting to respond to chaos, like what is happening in Egypt, just 90 miles from our shores

TABLE 38: Q15C. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (CHANGE) As with Communism in Eastern Europe or dictatorships in the Middle East, Cuba's government will eventually change. It is better for the U.S. to engage more directly with Cuba now so we are in better position to respond to that change instead of waiting to respond to chaos, like what is happening in Egypt, just 90 miles from our shores

TABLE 38: Q15C. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (CHANGE) As with Communism in Eastern Europe or dictatorships in the Middle East, Cuba's government will eventually change. It is better for the U.S. to engage more directly with Cuba now so we are in better position to respond to that change instead of waiting to respond to chaos, like what is happening in Egypt, just 90 miles from our shores

TABLE 38: Q15C. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (CHANGE) As with Communism in Eastern Europe or dictatorships in the Middle East, Cuba's government will eventually change. It is better for the U.S. to engage more directly with Cuba now so we are in better position to respond to that change instead of waiting to respond to chaos, like what is happening in Egypt, just 90 miles from our shores

TABLE 39: Q15D. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (FLORIDA) For too long, politicians have allowed Florida to control U.S. foreign policy. It is time to set our Cuba policy based on what is best for America's overall national security and economic interests

TABLE 39: Q15D. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (FLORIDA) For too long, politicians have allowed Florida to control U.S. foreign policy. It is time to set our Cuba policy based on what is best for America's overall national security and economic interests

TABLE 39: Q15D. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (FLORIDA) For too long, politicians have allowed Florida to control U.S. foreign policy. It is time to set our Cuba policy based on what is best for America's overall national security and economic interests

TABLE 39: Q15D. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (FLORIDA) For too long, politicians have allowed Florida to control U.S. foreign policy. It is time to set our Cuba policy based on what is best for America's overall national security and economic interests

TABLE 40: Q15E. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (TRADE) Latin America is the United States' fastest growing trading partner. Cuba, just 90 miles off the Florida Coast, provides new opportunities for American businesses in all types of industries; agriculture, hotels and tourism, and high-tech that will help grow the U.S. economy and create new jobs in America

TABLE 40: Q15E. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (TRADE) Latin America is the United States' fastest growing trading partner. Cuba, just 90 miles off the Florida Coast, provides new opportunities for American businesses in all types of industries; agriculture, hotels and tourism, and high-tech that will help grow the U.S. economy and create new jobs in America

TABLE 40: Q15E. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (TRADE) Latin America is the United States' fastest growing trading partner. Cuba, just 90 miles off the Florida Coast, provides new opportunities for American businesses in all types of industries; agriculture, hotels and tourism, and high-tech that will help grow the U.S. economy and create new jobs in America

TABLE 41: Q15F. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (UNEQUAL) U.S. immigration law prevents millions of hardworking and law abiding Latinos who have been here for years from gaining legal status, but if a Cuban sets foot on U.S. soil they automatically gain legal status

TABLE 41: Q15F. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (UNEQUAL) U.S. immigration law prevents millions of hardworking and law abiding Latinos who have been here for years from gaining legal status, but if a Cuban sets foot on U.S. soil they automatically gain legal status

TABLE 42: Q16A. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (CUBAN AMERICANS) Cuban Americans support current U.S. policy because it puts economic pressure on the Castro regime, while providing assistance to Cuban citizens. Travel and financial restrictions have already been lifted for Cuban Americans to help their families; meanwhile we should stay tough on the Castro regime

TABLE 42: Q16A. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (CUBAN AMERICANS) Cuban Americans support current U.S. policy because it puts economic pressure on the Castro regime, while providing assistance to Cuban citizens. Travel and financial restrictions have already been lifted for Cuban Americans to help their families; meanwhile we should stay tough on the Castro regime

TABLE 42: Q16A. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (CUBAN AMERICANS) Cuban Americans support current U.S. policy because it puts economic pressure on the Castro regime, while providing assistance to Cuban citizens. Travel and financial restrictions have already been lifted for Cuban Americans to help their families; meanwhile we should stay tough on the Castro regime

TABLE 43: Q16B. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WEAKEN) Ending the embargo before the Cuban government meets the conditions specified would weaken the United States. Changing our policy would send a message to Iran, North Korea and other countries that they can act against American interests with no consequences

TABLE 43: Q16B. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WEAKEN) Ending the embargo before the Cuban government meets the conditions specified would weaken the United States. Changing our policy would send a message to Iran, North Korea and other countries that they can act against American interests with no consequences

TABLE 43: Q16B. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WEAKEN) Ending the embargo before the Cuban government meets the conditions specified would weaken the United States. Changing our policy would send a message to Iran, North Korea and other countries that they can act against American interests with no consequences

TABLE 43: Q16B. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WEAKEN) Ending the embargo before the Cuban government meets the conditions specified would weaken the United States. Changing our policy would send a message to Iran, North Korea and other countries that they can act against American interests with no consequences

TABLE 44: Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall

TABLE 44: Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall

TABLE 44: Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall

TABLE 44: Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall
