TABLE 11:   Q8A. I would like to ask you about America?s relations with other countries around the world. For each of the following, please tell me what you think
             U.S. relations are with that country. We will use a scale of one to seven, where one means the United States has no diplomatic relations and does not allow
             trade or travel with that country, and seven means the United States has a close relationship, including free and open trade and travel with that country.
             Here is the first one, and remember you can use any number from one to seven. A one means the U.S. has no diplomatic relations, and does not allow trade or
             travel with that country, and seven means the U.S. and that country have a close relationship, with free and open trade and travel: Cuba

TABLE 14:   Q9. As you may know, since 1961 the United States has had no diplomatic relations with Cuba and restricts trade and travel with Cuba for the vast majority
             of American citizens and American businesses. Would you favor or oppose (Split A: normalizing U.S. relations with Cuba?) (Split B: the U.S. engaging more
             directly with Cuba?)

TABLE 28:   Q12F. I am going to read you a series of factual statements. For each one, please indicate whether you consider it to be a reason (SPLIT SAMPLE A READ: "to normalize U.S. relations with Cuba") (SPLIT SAMPLE B READ: "for the U.S. to engage more directly with Cuba") or a reason to keep current U.S. policy in place: Our government only allows Cuban Americans to travel to Cuba without permission. If you are not Cuban American, the U.S. Treasury Department must approve your travel. We do not do that with any other country

TABLE 29: Q13. Let me give you some more information. Currently, the U.S. State Department designates four countries in the world as state-sponsors of terrorism: Cuba, Iran, Syria and Sudan. The State Department defines state-sponsored terrorism as countries that have repeatedly provided support for acts of international terrorism, and places sanctions on these nations that restrict trade, travel and foreign assistance. In your opinion, does Cuba pose the same threat as these other countries, Sudan, Syria and Iran, and thus belongs on the list?

TABLE 30: Q14. Thousands of Al-Qaeda terrorists are in Sudan or Syria, and Iran has been aggressively building its nuclear program. Despite human rights abuses, Cuba poses none of the active dangers to the United States and our security that these other countries possess. Thinking again, does Cuba pose the same threat as Sudan, Syria and Iran, and thus belongs on the state sponsored terrorism list?

If you do not believe the statement you can tell me that too: (HURT) For fifty years, the U.S. embargo has hurt the people of Cuba, not the government. Changing our policy will help the Cuban people out of severe poverty, and we can continue to be tough on the Castro regime and hold it accountable for human rights abuses

TABLE 32:   Q15B. I am going to read some statements made by people who support (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to (SPLIT SAMPLE A READ: "normalize relations with Cuba.") (SPLIT SAMPLE B READ: "engage more directly with Cuba."). If you do not believe the statement you can tell me that too: (VIETNAM) Today we have good diplomatic relations with Vietnam, including open travel and free trade. If we are willing to talk to and work with a country we went to war with, surely it is time to re-evaluate our outdated Cuba policy

If you do not believe the statement you can tell me that too: (UNEQUAL) U.S. immigration law prevents millions of hardworking and law abiding Latinos who have been here for years from gaining legal status, but if a Cuban sets foot on U.S. soil they automatically gain legal status

For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall

TABLE 39:   Q16C. I am going to read some statements made by people who oppose (SPLIT SAMPLE A READ: "normalizing U.S. relations with Cuba.") (SPLIT SAMPLE B READ: "the U.S. engaging more directly with Cuba.") For each one, please tell me whether you find it to be a very convincing, somewhat convincing, or not too convincing reason to maintain current U.S. policy. If you do not believe the statement you can tell me that too: (WORKING) Now is not the time to lift sanctions as the embargo is weakening the Cuban government. Keeping existing policies in place will help bring down the Castro regime, like our tough stance against Communism helped bring down the Berlin Wall
